

## Compact, Complete Digital Home Theater 5.1-Channel Speaker Package. A Very Convenient and Affordable Way to Begin Enjoying the Thrilling Experience of Multi-Channel Movie Sound.

Only Silver finish available

- Ideal Combination for 5.1-Channel Movie Sound Formats
- 6-Speaker Package Consisting of 4-Satellite (Front L/R, Surround L/R), Center Speakers and Subwoofer
- Excellent Sound Quality and Smart, Compact Design
- Advanced YST Subwoofer for Powerful Bass Response
- Dual 5cm (2") Full-Range Drivers for High Sound Quality (4 Satellites and Center)
- Flexible Placement
- Magnetic Shielding Allows Placement Near a TV

### Main Specifications

System Frequency Response 30 Hz–25 kHz  
Magnetic Shielding All speakers

### 4 Satellite Speakers (Front L/R and Surround L/R)

Type Acoustic suspension  
Drivers Dual 5cm (2") full-range  
Input Power (Max/Nominal) 100 W/30 W  
Sensitivity 86 dB/2.83 V/1 m  
Impedance 6 ohms  
Dimensions (W x H x D)/Unit 72 x 164 x 111 mm  
2<sup>13</sup>/<sub>16</sub>" x 6<sup>7</sup>/<sub>16</sub>" x 4<sup>3</sup>/<sub>8</sub>"  
Weight/Unit 0.9 kg; 2 lbs.

### Center Speaker

Type Acoustic suspension  
Drivers Dual 5cm (2") full-range  
Input Power (Max/Nominal) 100 W/30 W  
Sensitivity 86 dB/2.83 V/1 m  
Impedance 6 ohms  
Dimensions (W x H x D) 300 x 72 x 110 mm  
11<sup>13</sup>/<sub>16</sub>" x 2<sup>13</sup>/<sub>16</sub>" x 4<sup>5</sup>/<sub>16</sub>"  
Weight 1.1 kg; 2.4 lbs.

### Subwoofer

Type Advanced YST subwoofer  
Auto Standby with sensitivity selector  
Dynamic Power 100 W  
Output Power (RMS) 55 W (5 ohms) [U/C]  
Output Power (RMS) 50 W (5 ohms) [except U/C]  
Driver 16cm (6") multi-range  
Dimensions (W x H x D) 200 x 365 x 375 mm  
7<sup>7</sup>/<sub>8</sub>" x 14<sup>3</sup>/<sub>8</sub>" x 14<sup>3</sup>/<sub>4</sub>"  
Weight 8.5 kg; 18.7 lbs.

**d-cinema**

\*d-cinema\* is the slogan of Yamaha AV products and technology, reflecting our focus on digital technology and our leadership in creating and refining digital home theater.

## Designed for Use in 5.1-Channel Home Theatre Systems

This speaker package is designed for use in a 5.1-channel (6-speaker) system. This configuration allows Dolby Digital and DTS movie sound formats to be enjoyed at their full potential. The speakers' high performance capabilities ensure accurate reproduction of DVD and other high quality sound sources, as well as of Yamaha's dynamic and realistic CINEMA DSP sound.

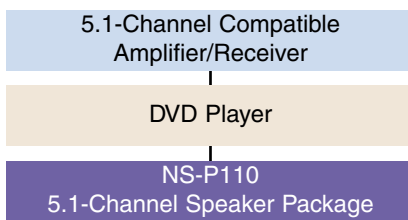

**The NS-P110 5.1-Channel Speaker Package** constructs 4 satellite (front L/R and surround L/R), center and LFE (Low Frequency Effect i.e. subwoofer) channel speakers.

## Enjoy Home Theatre Surround Sound at Its Best with an All-Yamaha System.

If the NS-P110 speaker package sounds like a good idea, wait until you hear it matched with a Yamaha Home Theater Amplifier or Receiver and DVD Player. These components give you the unique sonic benefits of CINEMA DSP and a wide range of music and movie surround programs, plus the full 5.1-channel Dolby Digital or DTS Digital Surround movie sound experience. With an all-Yamaha system, you get top quality sound, easy connections, and stylish components that look good in any setting.

### ● 5.1-Channel System

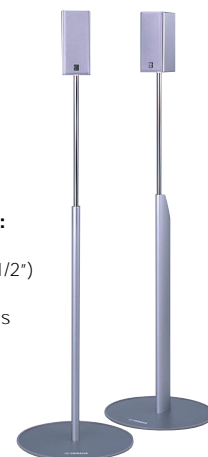

## Advanced YST for Awesome Deep Bass

**Advanced Y.S.T.** Yamaha's patented Advanced Active Servo Technology (Advanced YST) generates incredible bass from small speaker enclosures. Advanced YST is the ideal method of combining amplifiers and speakers for maximum performance. This system's advanced negative impedance converters intelligently adjust the negative impedance generation as the speaker moves, creating a hard, rigid cone that prevents deep resonant waves from leaking out of the speaker cone. This means the full power of the waves is forced out through the air port, resulting in clear, powerful bass.

## High Performance Dual 5cm (2") Full-Range Drivers with Magnetic Shielding

These speakers use high quality parts to achieve excellent performance. They have dual ferrite magnets with shielded cases for maximum power. Kapton bobbins contribute to high S/N ratio. Unwanted vibrations are prevented by a heavy-duty steel frame and a parallel-surface cabinet design. Even the wiring is an anti-resonance type.

**Optional Speaker Stands: SPS-80**  
650-900 mm (25-5/8"-35-1/2")  
Height Adjust  
Not available in some areas

## Good Speakers Are Important for Good Home Theatre.

### Front Speakers

Required to handle most of the sound output, these speakers require excellent sensitivity, frequency response and dynamic range.

### Centre Speaker

The center speaker delivers most of the dialogue, so high clarity output is vital to movie enjoyment.

### Surround Speakers

The quality of the surround sound experience depends on the quality of the surround speakers. Yamaha ensures that they perform up to high standards.

### Subwoofer

Because good bass response is necessary for enjoying movie sound, Yamaha Advanced YST subwoofers are ideal for use in digital home theatre systems.
